# *Celebrating* *50 Years*

Kennesaw State University

It has been 50 years since Kennesaw Junior College made its mark in the shadow of north Georgia's Kennesaw Mountain. Opening its doors to a student body of 1,014 for the first semester in September 1966, Kennesaw Junior College was awarded senior college status and renamed Kennesaw College a short 11 years later. 1980 marked the most pivotal point for Kennesaw College when 70 students received the first baccalaureate degrees conferred by the college.

From Kennesaw College to Kennesaw State College in 1988 and from Kennesaw State College to Kennesaw State University in 1996, this institution has seen growth of considerable significance. Now in its 50th year, Kennesaw State University has a student body of more than 25,000.

Were you one of the first 70 who received your degree in 1966? Perhaps you are one of more than 4,000 graduates who graduated this year.

No matter when KSU made its mark on you, it's time to make your mark on KSU.

Act today to secure a brick on The Millennium Walk around The Green and keep your Owl pride alive. Begun by the KSU Alumni Association, the Millennium Walk benefits everyone on campus. Since its dedication the Walk has been touched by numerous alumni, and we saved a spot just for you!

Your contribution of \$375 secures your place in KSU history. A 3" x 5" brick (3 lines of engraving, 16 characters each) will be placed on the Millennium Walk for all Owls to enjoy. Your donation will help support academic needs and campus beautification projects throughout KSU.

Kennesaw State University continues to grow exponentially and relies strongly on the support of KSU alumni. Thousands walk the campus grounds daily, striving to improve their lives and their communities. Those efforts don't end with graduation; they endure in Fighting Owls forever.
